

Self Portraits*

Materials needed: Black construction paper 12x18, school glue, colored chalks, white paper 12x18, pencil, Kleenex

- ① Start by drawing self portraits with pencil on white paper filling the entire sheet, using only line. (See *tips for reluctant drawers)
- ② Now that the practice drawing is done, try drawing the portrait onto black paper with minimal lines.
- ③ Trace the pencil lines with school glue (Elmers type squeeze bottle) Best to clean the glue tips or make sure bottles aren't clogged or drawing with glue could be highly frustrating.
- ④ Let glue lines dry Thoroughly.
- ⑤ Color portraits with chalks, blending and smoothing colors between outlines using side of chalk, fingers or Kleenex.
- ⑥ be careful not to smudge your creation too much.
